Registering or Scheduling for Classes or Workshops:

- We strongly suggest that students register for classes ahead of time. We will put you on a waitlist and add more classes when there is a need for it.
- Register for class and pay online or over the phone whenever possible to avoid minimal exchanges at the front desk. We will, of course, take care of in person needs including product purchases.

All instructors will be wearing masks when 6 feet cannot be maintained. When we give students feedback within the 6 feet, we will wear a mask to insure safety for both the client and instructor.

We will have masks available at the facility should you happen to be without one and wish to have one. The cost for the mask is \$1.00.

Think Pawsitive Cleaning Procedures:

- Hand sanitizer and disinfectant spray will be provided to you in each classroom and the turfed arena.
- All commonly touched surfaces (doors, crates, chairs, light switches, handles, etc.) will be disinfected after each class.
- The bathroom will be thoroughly disinfected.
- Adjusting Jump Heights: Our instructors will assist in resetting bars for jump height changes. The jump bars will be wiped down with sanitizer at the end of each class session.
- We will continue to thoroughly clean our facility regularly as we always have.

Please remember: If you or anyone in your house is experiencing any symptoms of being unwell, or have a cough, do not come to the facility.

Again, we will remain cautious and keep our plan fluid as the tide changes. Please remember this really is a team effort and we greatly appreciate your understanding. We welcome any questions or concerns you may have.

Lastly, we could not be here today if not for the support of all of you over the last few years. Thank you for being a part of our Think Pawsitive family. I also want to thank our team of instructors. They are committed to helping you and your dog continue your dog training skills and keep you safe while doing so!

Thank you,
