GENERAL BRIEFING:

JUDGE'S CLASS BRIEFINGS: Will be listed on each course map. If there are questions that need clarification, the judge will specify a location during walk-throughs to answer them at the respectable distance.

FOOD: There will be **FOOD AND BEVERAGES** provided for **WORKERS ONLY!**

CRATING: There will be **limited indoor crating in our Blue Matted Training Room. Bring your own crates. There will be no public crates available.**

NEW COMPETITORS: We know trials can be overwhelming, especially in these times. **Think Pawsitive STAFF** are always available to answer questions or assist you in any way. **CPE** competitors are the best around, so if you can't find a Think Pawsitive staff member, ask anyone.

WALK-THROUGHs: Time limit on walk-throughs will be 5 minutes for each group.

- If the class is large, like FullHouse and Jackpot, the number of people may be decreased into groups.

WE WILL BE USING THE AGILITY GATE APP - <https://agilitygate.com/> (Code 0809): Agility Gate is a free-to-download app that allows competitors to check-in their dogs at an agility show and keep track of the current state of the run orders. It helps prevent crowding around the gate and allows competitors to keep tabs on things while crating away from the ring.

CHECK IN: Check yourself in on your Agility Gate App only. The gate steward will call names while you are walking the course to check you in.
PLEASE WAIT UNTIL THE GATE STEWARD IS THERE TO REQUEST A CHANGE ON THE APP.

COURSE MAPS: Will be emailed to you the evening before each day of the trial (usually by 7:00 pm). Full sized course maps will be posted at the trial. Please respect personal space when viewing them.

LINE UP FOR YOUR RUN: You will stage by entering through Suite F before your run. The gate steward will be giving direction on when to move up the line and when to go in the ring. After your run, please leave the ring and exit through Suite F or to the crating area.

LEASHES: Handlers have the option to put leashes in pockets or safety loop them around their waist or neck. If this option is chosen, the leash must be out of the dog's sight. If the dog plays with it during a run, it would be considered a toy. If the handler does not wish to carry the leash, it should be dropped in the basket at the start line and the leash runner will place the basket at the exit gate on a chair.

MEASURING: Make sure your dog is entered in the correct height when you receive your confirmation. Official measuring will take place at this trial.

RESULTS: We will post the results in Results binders. Results will be broken down into levels: Level 1, Level 2, Level 3, Level 4, Level 5 and Level C. We expect you to keep social distancing when viewing the posted results. The best plan would be to take a picture of the results and move on.

RIBBONS: Will be self-serve. We will have an area set up with ribbons and/or labels.

Thank you for attending our trial.
